I've been a Real Estate Professional for over 10 years and SendOutCards has had the BEST impact on building and sustaining relationships with my contacts, clients and referral partners. Thank you SOC!

My new salesman made over \$12k at our dealership in November and over 70% of it came from referrals.

I reached out to a new acquaintance just to say thank you and that it was nice to connect and I ended up receiving this message; "Thank you so much for the card and brownies. This definitely raises you above all others. Thanks for being so thoughtful, considerate and especially helpful. By the way my wife love it too!"

We put 15 homes under contract from November 1st to December 15th 2015, 100% of this new business came from referrals from using SendOutCards and because of it all we'll be earning \$60,000 in commissions, just like that!

I just received my card and brownies...how neat! When I opened the card I almost cried looking at my beautiful baby girl. I'm busy today but will get in touch with you tomorrow to learn more about this. Thank you! I not only ate one brownie, but both of them! Yum!

WHAT IS WRONG WITH SOC? YES IT'S SOC'S FAULT WE ARE SELLING SO MANY CARS! Never have we sold so many cars in one month purely off of referrals. This changes everything for our business! Plug clients into a campaign and send a thank you with brownies and that's it!

Because of our efforts with SendOutCards, we are the go-to restoration company in Orange County. Agents who refer us see an increase in their leads too, because we make the agent look amazing with our SendOutCards approach!

- Small Business Owner

I sent old clients the "I Am Just Thinking Of You" cards. I received 4 new jobs to do work for them as well as 2 referrals from their friends.

Our best month ever! One of our bank reps stopped in today for a visit and couldn't believe how busy we were. (Every other dealer has been slow and has only sold 10 or 15 cars for the whole month and these dealers and bigger than us). Our bank rep asked us how, so I showed her SendOutCards and she wants a meeting with the owner next week.

I've sold 5 cars so far today, and 4 of the 5 came from referrals. That's \$16k in profits. #BOOM! We've sold 46 so far this month, 38 of which came from referrals. Dinner is on me! There is no way I could ever do it without SendOutCards. It affects and changes everything.

This is the text I just got: "I just received a wonderful and unexpected gift! You are too sweet and kind to remember me on my birthday. It was so beautifully put together. Randy and I will enjoy the brownies tonight. Thank you so much friend!

When sending out kindness becomes a habit and a part of who you are, your business will explode! Why? Because you remain top of mind. Today we received 2 buyer referrals, 2 listing referrals, wrote an offer, and have 5 homes under contract. Did I mention it's November in Michigan? That is now when real estate business normally gets hopping!

I was up against 3 other contractors to revamp a heritage home in a medical building. Because of SendOutCards, I won the bid, which was one of my biggest contracts to date. AMAZING. I am building a stronger referral-based business with SendOutCards.
