***\*Note:** Your primary Leadership group is made up of all of the Volume (both Qualifying and Commissionable) in your Levels 5 to infinity, as long as you do not have a downline affiliate that is the same Leadership rank as you are or higher. In the case where you have an affiliate at the same Leadership rank as you or higher, their Leadership Volume (both Qualifying and Commissionable starting at their Level 5+) is considered your secondary Leadership group. If another affiliate downline from them is your same Leadership rank or higher, their Leadership Volume (both Qualifying and Commissionable starting at their Level 5+) becomes your tertiary leader group. And so on, and so forth.*
