What are the different types of commissions and bonuses available in the Promptings Compensation Plan?

Retail Sales

Retail Sales are sales made out of an affiliate's inventory. The earnings on this type of sale are immediate and will be the difference between the price paid for the item and the amount charged. These sales are made from the affiliate's inventory on hand. Promptings recommends that all sales be made from the website to properly track sales for commissions and bonuses. Any sales made in this manner by an affiliate requires that a sales receipt be provided to the customer with the terms of the sale and instructions for return and refund. A second copy of the receipt must be kept by the affiliate and a third copy must be sent to the company.

Daily Affiliate Commission

When an affiliate sells a product to a customer or personally sponsored affiliate they will receive a commission which is currently between 10% and 30% of the sales amount. This will be paid to any affiliate that has an active paid account. This means they are current on their renewal and not in violation of any policies and procedures.

Team Commission

Once an affiliate reaches Star 2 they start earning commissions on Team Commissionable Volume. Team Commissionable Volume accumulates on Levels 2 through 4, depending on the affiliate's rank, and are paid out monthly. Each rank must be qualified for within the calendar month to be paid out on.

Team Commissionable Volume (CV) is paid out based on the following chart:

Paid As Rank	Levels Summed	% of CV
Star 2	Level 2 only	10.3%
Star 3	Level 2 & 3 (must qualify as Star 2)	11.5%
Star 4	Level 2, 3 & 4 (must qualify as Star 2 & 3)	13.4%

Leadership Commission

Once an affiliate reaches Star 5 they become eligible to earn commissions on Leadership Commissionable Volume. Leadership Commissionable Volume is accumulated and paid out starting at Level 5 through infinite levels as long as another affiliate of the same rank does not block the affiliate from earning on that Commissionable Volume. Leadership commissions are paid out monthly. Each rank must be qualified for within the month to be paid out on.

Leadership Commissionable Volume (CV) is paid out based on the following chart:

Paid As Rank	% of CV
Star 5	3.1%
Star 6	4%
Star 7	5%
Eagle	6.2%

Customer Referral Program

To participate in the Customer Referral Program, a customer must opt-in and agree to the Promptings Customer Terms and Conditions. When they refer anyone on their first level, they will receive a \$50 referral credit to be used on Promptings products, for every \$240 in Commissionable Volume generated. This is calculated and added to customer accounts as part of the monthly bonus run.

For affiliates, when your customer refers another user (customer or affiliate), the new user is on your Level 2. If that user refers another user, then that user would be on your Level 3 and so on.

What is a bonus period or qualification period?

All bonus and qualification periods are based on the U.S. Eastern Time Zone. The bonus period for monthly commissions and bonuses is the calendar month. The bonus period for the daily commission and bonuses is the previous day. Bonus and commission payments for Friday, Saturday, and Sunday will be paid on Monday of the following week.

The qualification period is the timeframe used to determine if you qualified to be paid the bonus and/or commission that is being evaluated for that bonus period. Monthly bonuses and commissions will be paid on the 10th of the following month. If the 10th falls on a Saturday, the bonus will be paid on Friday. If the 10th falls on Sunday it will be paid on Monday. The qualification period for the daily bonuses and commissions is the previous day.
