Activating your Bank Account

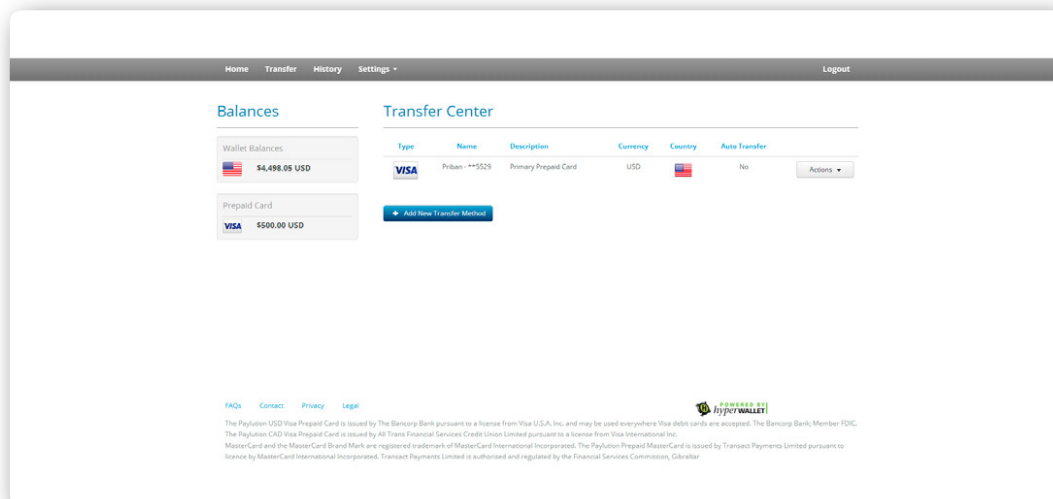

Setting Up a Bank Account

Your Pay Portal is a repository for funds earned through a corporate. As a Member, you have the option of transferring these funds to a bank account as part of the “cashout” process. In order to do this, you must first add a bank account transfer method to your account.

All transfers take place in the Transfer Center area of the Pay Portal. To access the Transfer Center, click on either **Transfer Funds** or **Transfer**.

- Click **Add Transfer Method**.

- You will be asked to provide your bank account information. A check will have all the information you need to set up the account.
 - It's important to double check your numbers. If you enter an incorrect routing or bank account number, it can take seven days or more for those funds to go out, realize the number is incorrect and return to your Pay Portal. To avoid the frustration and inconvenience, take the time check your numbers.

- Required information includes:
 - Routing Number: This number gets the funds to the correct bank. It is always nine digits long. The sample check image helps you locate your routing number.
 - Account Number: This is the number for the account you are accessing. Again, the sample check image helps you find your account number.
 - Owner Type: Is this a personal or company account?
 - Bank Account Type: Is it a checking or savings account?
 - Remember As: This is the name you give to help you identify the account. You'll see this name in your Transfer Center.

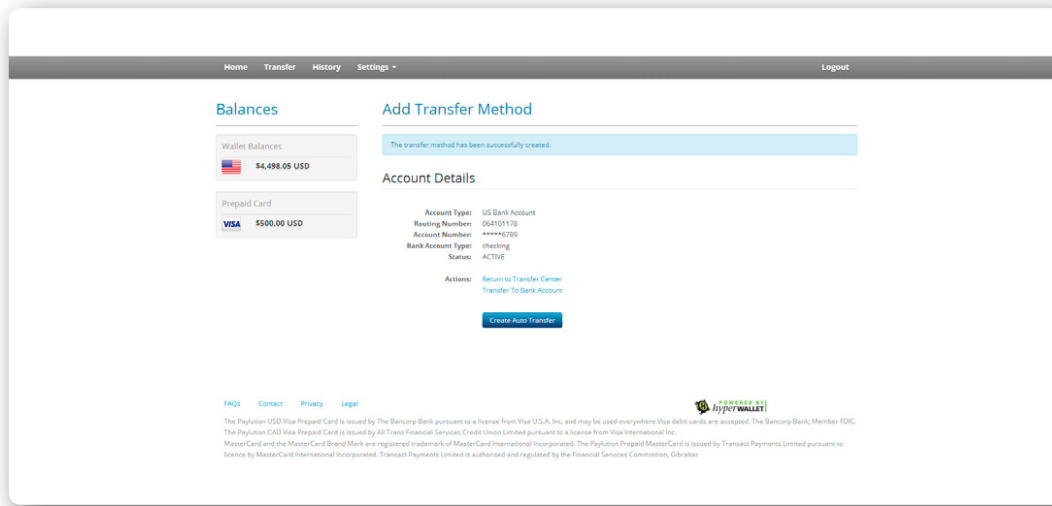

- Click on **Continue** to initiate the account creation.
- You are required to establish an owner for the account. By default, the system will auto populate the account details of the Pay Portal owner. To confirm that this is the registered owner of the bank account, click **Use This Owner**.

The screenshot shows the 'Add Transfer Method' page. On the left, under 'Balances', there are two sections: 'Wallet Balances' showing '\$4,498.05 USD' with a US flag icon, and 'Prepaid Card' showing '\$500.00 USD' with a Visa logo. The main section is titled 'Add Transfer Method' and contains 'Account Owner Details'. The details include: Full Name: Dave Prihan, Address: 1234 Main st, LA, CA, UNITED STATES, Date of Birth: Jan 1, 1986, and Email: dprhan@hyperwallet.com. At the bottom of this section are two buttons: 'Use This Owner' (highlighted in blue) and 'Enter New Owner'. At the very bottom of the page, there is a footer with links for 'FAQs', 'Contact', 'Privacy', and 'Legal', and a 'POWERED BY hyperWALLET' logo. Small legal text is also present at the bottom.

- If the bank account is registered to a different owner, click **Enter New Owner** to provide additional account owner details.
- Review your personal and address information. Click **Confirm** to submit your banking information.

The screenshot shows the 'Add Transfer Method' page with the 'Personal Information' and 'Address Information' sections. The 'Personal Information' section includes fields for First Name, Middle Name, Last Name, Relationship (a dropdown menu with 'Please Select...' selected), Date of Birth (with MM, DD, and YYYY dropdowns), Cellphone, and Phone Number. The 'Address Information' section includes fields for Country (a dropdown menu with 'Please Select...' selected), State/Province, Street, City, and Zip/Postal Code. At the bottom of these sections are two buttons: 'Confirm' (highlighted in blue) and 'Cancel'. The footer is identical to the previous screenshot, with links for 'FAQs', 'Contact', 'Privacy', and 'Legal', and the 'POWERED BY hyperWALLET' logo.

- The transfer method has been successfully created. You now have the option to create an auto transfer from your Pay Portal to this bank account.

***Note:** You have not transferred any funds to this bank account yet. You will need to initiate a one-time transfer or create an auto transfer rule in order to successfully initiate a funds transfer.

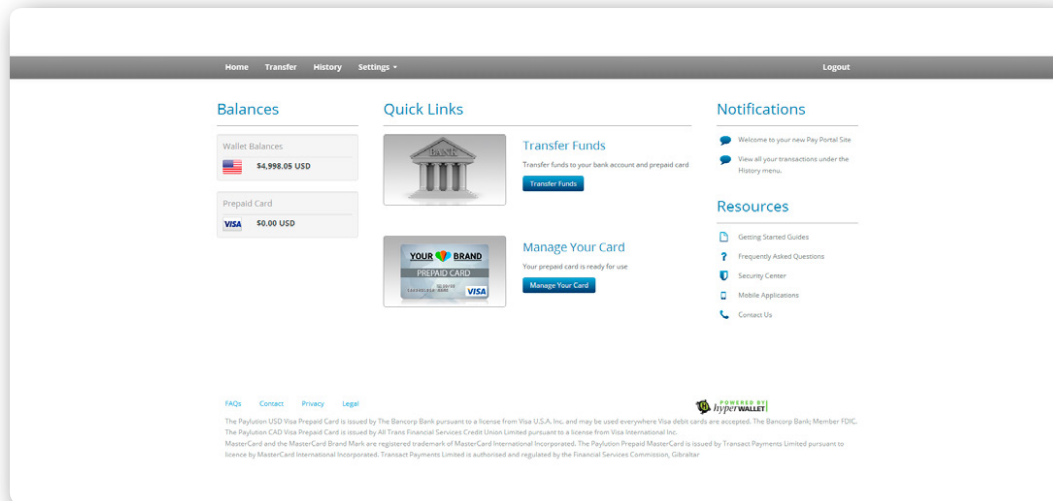

Managing your Pay Portal Account

Transferring Funds to a Prepaid Card

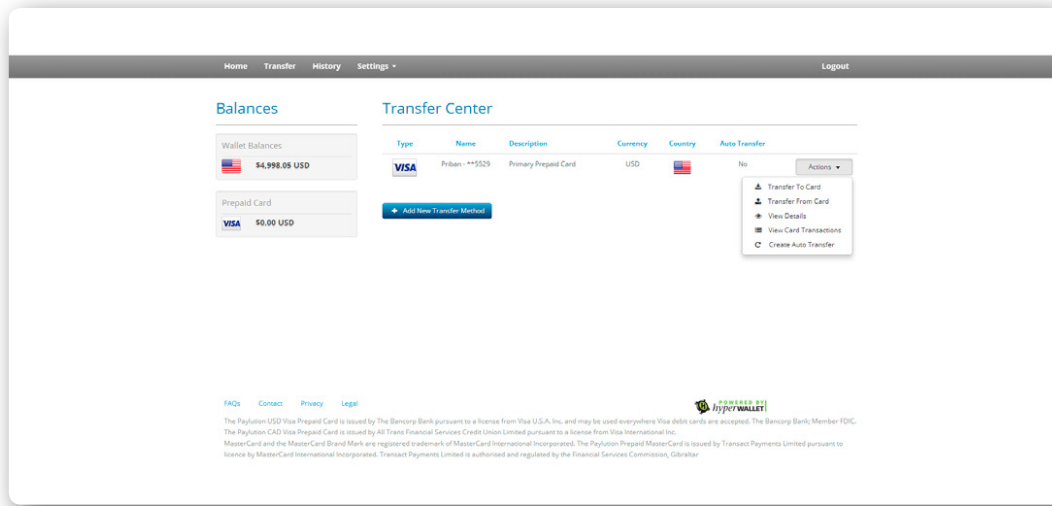

You can transfer funds to your prepaid card as soon as it has been activated. All transfers take place in the Transfer Center area of the Pay Portal. To access the Transfer Center, click on either **Manage Your Card** or **Transfer**.

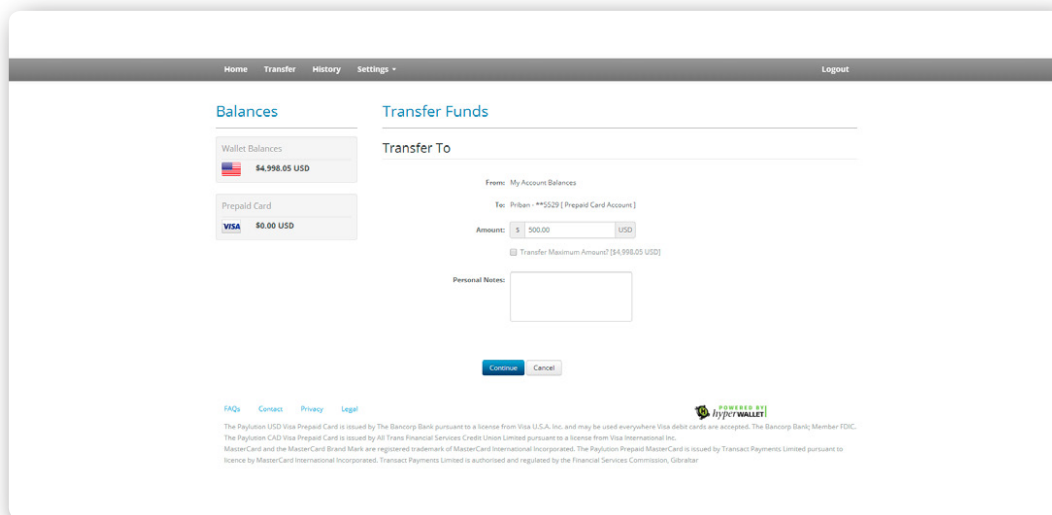

- Prepaid cards that have been successfully activated will be visible in the **Transfer Center**. If your prepaid card isn't listed, please call the toll-free activation number located on the back of your prepaid card for assistance.

- Click the **Actions** dropdown next to the prepaid card that you wish to transfer funds to. Select the **Transfer To Card** option to move funds from your Pay Portal to your prepaid card.

- Input the amount that you wish to transfer from your Pay Portal to your prepaid card. ***Note:** The **From:** dropdown menu may be disabled (as it is in this example). This is because there is only one transfer method available. This field will be enabled once additional transfer methods are activated and loaded with funds (e.g. a bank account).

- Click **Continue**.
- Review your transfer information and click **Confirm** to initiate the transfer.

The screenshot shows the 'Transfer Funds' page with a navigation bar at the top containing 'Home', 'Transfer', 'History', 'Settings', and 'Logout'. Transferring Funds to a Bank Account

The Pay Portal makes it easy to transfer funds to a bank account. To do this you must first add a bank account as a Transfer Method in the Pay Portal Transfer Center.

Please review the **Setting Up a Bank Account** instructions prior to initiating your first bank transfer.

All transfers take place in the Transfer Center area of the Pay Portal. To access the Transfer Center, click on either **Transfer Funds** or **Transfer**.

- Click the **Actions** dropdown next to the bank account that you wish to transfer funds to. Select the **Transfer to Bank** option to initiate a one-time fund transfer from your Pay Portal to this bank account.

- Input the amount that you wish to transfer from your Pay Portal to your bank account. Alternatively, if you wish to “cashout” (transfer all funds in your Pay Portal to your bank account), simply check the **Transfer Maximum Amount** option. An optional message can be included via the **Personal Notes** field.

The screenshot shows the 'Transfer Funds' page. On the left, under 'Balances', there are two sections: 'Wallet Balances' showing '\$4,498.05 USD' and 'Prepaid Card' showing '\$500.00 USD'. The main area is titled 'Transfer Funds' and 'Transfer To'. It contains a 'From:' dropdown menu set to 'My Account Balances', a 'To:' dropdown menu set to 'CheckingAccount [US Bank Account]', an 'Amount:' input field with '\$ 250.00' and a 'USD' currency selector. Below the amount field is a checkbox labeled 'Transfer Maximum Amount? (\$4,498.05 USD)'. There is a 'Personal Notes' text area below that. At the bottom of the form are 'Continue' and 'Cancel' buttons. The footer includes links for 'FAQs', 'Contact', 'Privacy', and 'Legal', along with a 'POWERED BY hyperWALLET' logo and a disclaimer.

***Note:** The **From:** dropdown menu may be disabled. This is because there is only one transfer method available. This field will be enabled once additional transfer methods are activated and loaded with funds (e.g. a prepaid card). To change the source of the transfer, click the drop down and select the Balance from which you wish to draw funds.

This screenshot is similar to the one above, but the 'From:' dropdown menu is open, showing a list of options: 'Please Select', 'My Account Balances', and 'Prepaid Card'. The 'To:' dropdown menu is also open, showing 'My Account Balances' and 'Prepaid Card'. The 'Amount:' field still shows '\$ 250.00' and the 'USD' currency selector. The 'Personal Notes' text area and 'Continue'/'Cancel' buttons are still present. The footer is the same as the previous screenshot.
